

LOA: 9.86 M / 32' 4"

## Aquila 32S Specifications

Length overall w/ swim platform excl. anchor roller	9.86 M / 32' 4"
Hull length	9.82 M / 32' 2"
Beam overall	3.85 M / 12' 8"
Length of waterline	8.09 M / 26' 6"
Height above waterline w/ hard top (excludes electrics and electronics)	2.92 M / 9' 7"
Hull draft with outboards up	55 CM / 1' 10"
Dry displacement	6,850 KG / 15,100 LB
Fully loaded displacement	8,175 KG / 18,000 LB
CE certification	B:12, C:16, D:22
Sleeps (up to)	4 (2 in salon)
Max passengers	22
Cabins	1
Heads	1
Showers	2

## Tankage

Fuel tank (approx.)	2X 530 = 1060 L / 2X 140 = 280 GAL
Water tank standard (approx.)	110 L / 29 GAL
Holding tank (approx.)	1X 80 L / 1X 21 GAL

## Propulsion

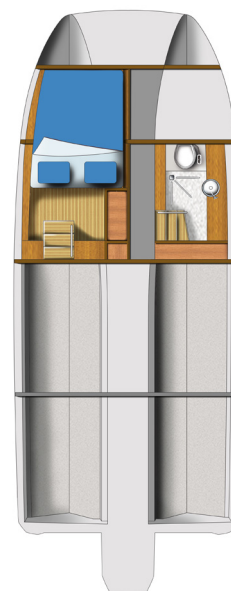

Standard	2X Black Mercury Verado V6 225 HP
Optional	2X White Mercury Verado V8 300 HP with Joystick Piloting Control
Propellers	Stainless steel

## Construction

Hull and deck material	InfusiCore vinyl ester resin infused throughout
Bulkhead and reinforcing	InfusiCore vinyl ester resin infused throughout
Core materials (vary in density)	PVC
Gel coat of hull	NPG
Bulkheads	Water tight fore and aft

MAIN DECK

CABIN

## Standard Features

 Side and ceiling panels upholstered  
 Storage shelves, lockers and drawers  
 Electric variable speed fan  
 Designated microwave area with AC outlet  
 Blinds for deck hatches  
 LED overhead lights  
 LED reading light  
 AC power sockets  
 Carbon Monoxide alarm  
 Deck hatch above bed for ventilation  
 Large hull windows bringing in plenty of light

## Head

Basin surface in Corian  
 Ceiling and inboard sides in low maintenance FRP finish  
 Fresh water mixer faucet with pull out shower head  
 Mirror  
 Large window  
 Electric fresh water flush toilet with macerator (holding tank located behind air tight bulkhead)  
 Electric multi speed fan  
 Designated electrical cabinet/storage area  
 Opening hull port light  
 LED overhead lights  
 Overhead deck hatch roller blind

## Electrical System

Master Control panel for 12-volt and shore power service  
 Helm station LED push button electrical panel  
 Remote battery master switches at panel  
 Engine parallel control remote switch  
 Two (2) dedicated engine start battery's each located in aft locker  
 Two (2) x 200Ah house batteries  
 Battery trays with mounts  
 Inverter/battery charger  
 Galvanic isolator system  
 Reverse polarity indicator  
 Multi-zone entertainment system master unit located at helm station  
 30amp shore power supply plug

## Fuel System

Fully independent heavy gauge aluminum tanks with gauge at helm station (280 gal. / 1060 L.)  
 Fuel tank vents  
 Natural ventilation of locker plus forced air ventilation controlled from dash board  
 Water and air tight bulkhead separating cabin/head area  
 Mercury fuel filters  
 Automatic fire suppression heat activated system with alarm monitor at helm station for fuel tank area

## Water And Bilge System

Fresh water tank (28 gal. / 110 L.)  
 Automatic 12-volt fresh water pump  
 Water heater (1 x 4 gal. / 15 L.) - only operable from shore power and/or optional generator  
 Transom pull out shower mixer  
 Faucet - wet bar  
 Pullout sprayer in head  
 4 x Automatic 12-volt bilge pumps

## Grey Water System

Automatic grey water pump connected to shower drain for direct overboard discharge

## Black Water System

One (1) air tight black water tank located forward of head compartment bulkhead (21 gal. / 80 L.)  
 Deck evacuation or electric direct overboard pump separately controlled
